

# A Virtual Learning Experience for Small Teams

Create connections with remote workers and groups with Emergenetics®.

When individuals understand their innate strengths and those of their colleagues, they can unlock strategies to strengthen communication, teamwork, productivity and engagement. The **Team Dynamics for Small Groups** program empowers attendees to discover their individual and collective preferences and utilize the Emergenetics Attributes to achieve greater performance and results.

## Program Outcomes

Following your virtual experience, attendees will:

-  Uncover their innate strengths to enhance self-awareness
-  Understand their teammates' gifts and preferences for working
-  Discover group tendencies and their impact on collaboration and decision making
-  Identify practical strategies to improve communication and problem solving as a team
-  Learn to use the power of cognitive diversity to drive results

## Who should attend?

Team Dynamics for Small Groups is designed for departments, project teams or groups of three to nine who want to apply Emergenetics to improve their interactions. Our digital program is especially beneficial to engage remote teams, support groups seeking practical ways to work together more effectively or provide a foundational understanding of Emergenetics.

## What's the agenda?

The blended learning experience includes an engaging introductory eLearning course and a 90-minute live session led by a Certified Emergenetics Associate.

### In the program, attendees will:

- Explore the science of Emergenetics
- Review the seven Thinking and Behavioral Attributes
- Discover practical applications of Emergenetics concepts in their work life
- Gain an understanding of the importance of cognitive diversity
- Review their individual Profiles and Group Profile
- Discuss implications of their preferences in the way the group communicates, collaborates and performs

## What resources do attendees receive?

In addition to the eLearning course, the live facilitated session and having the opportunity to ask questions of a Certified Emergenetics Associate, attendees receive access to:

- A PDF of their Emergenetics Profile and Narrative Report
- Access to the Emergenetics+ mobile app
- A Group Profile report and helpful handouts to sustain ongoing implementation of learnings from the program
